

## PE & Sports Premium Fund - 2021-22

The PE and Sport Premium fund is to help primary schools improve the quality of PE and Sports activities they offer to their pupils. This is ring-fenced funding to spend on PE and Sport at the discretion of schools to decide what is best for their children. It has to be used to develop the knowledge, skills and motivation to equip pupils for a healthy lifestyle and participation in physical activity and sport.

At Northway this will be in the context of teaching that promotes healthy eating, to reduce the risks of obesity in later life, and develops life and independence skills so as to enable children and their families to live a full life in modern Britain as much as possible, rather than being restricted more than is necessary by their disabilities.

Northway School will receive funding of approximately £17068 for the academic year 2021-22. Our aim is to improve opportunities for children both now and in their future, and to improve current and future provision at the school. In order to use this resource so as to be as inclusive as possible of the whole school population, we will continue to broaden the scope of the activities and learning supported, beyond taking part in sporting events. Many of our children have complex needs, and need to develop prerequisite skills in order to take part in physical education.

- Some children may need support simply to independently move, or to develop their reach and grasp before they can fully take part in activities.
- Some may have sensory processing issues, and need to develop their ability to explore objects with their hands, rather than seeking oral stimulation from objects in their environment.
- Some children need to develop their communication skills so as to be able to follow simple instructions before they will be able to take part in simple games.
- Some children may need support to interact socially, before taking part in a race or a team game becomes relevant to them.

This funding will be used at Northway to support children's sensory and physical development through a range of motivating physical activities, both inside and outside through play as well as PE.

It will also be used to support as appropriate:-

- physiotherapy and hydrotherapy programmes
- access to high quality swimming
- physical and sensory development
- opportunities to engage with different sports & games
- health benefits
- development of cycling skills
- interacting with peers and adults both in school and at offsite/community events

## Swimming and water safety

<b>Meeting the swimming and water safety national curriculum requirements</b>	
<b>What percentage of Year 6 pupils can swim competently, confidently and proficiently over a distance of at least 25 metres?</b>	n/a%
<b>What percentage of Year 6 pupils can use a range of strokes effectively, for example, front crawl, backstroke and breaststroke?</b>	n/a%
<b>What percentage of Year 6 pupils can perform safe self-rescue in different water-based situations?</b>	n/a%
<b>Has the PE and sport premium been used to provide additional provision for swimming activities over and above the national curriculum requirements?</b>	Yes
If you answered yes to the above question, use this space to provide further details: ALL pupils at Northway have access to weekly swimming sessions, some pupils also get additional time in the pool for hydrotherapy, increased physical exercise or to help regulate behaviour/help with sensory issues.	

## Spending report for 2021/2022

Funding received	
Number of eligible pupils: 124	Total amount received: £17068

Actions taken	Aim	Funding spent	Planned Outcomes
Dance sessions for all pupils	<p>To take part in fun dance activities</p> <p>To increase physical movements and exercise through dance</p> <p>To develop balance and coordination skills</p>	£5940	<p>Children to take part in a fun form of exercise.
