

Augmented Reality iPad apps we love at Northway

This app takes you beyond the hungry caterpillar book and enables all learners to hugely interact with the story. £4.99

A really super app that gives you control of a variety of objects and scenarios. You can drive trains and ships and fire-breathing dragons. *Free.*

A great app that allows the user to walk a dinosaur around your environment. Great for children who are fascinated by dinosaurs. 99p.

A simple augmented reality app that allows you to 'stack the blocks as high as you can'. Helps you to learn about numbers and size. 99p.
